(Science/Commerce)

## ABOUT US

**Amrutam Education Campus** is the crystallization of the dream of our founder, **Late Shri Amrutlal Vitthaldas Patel**. His journey in the field of education began in 1998 with the establishment of Uma School. Over the years, he successfully founded several reputed educational institutions, among which **Amrutam International School** stands as a proud milestone, nurturing more than 2,000 students.

The school is proudly associated with Udgamverse group of schools, one of the largest and most respected schools in Gujarat having 20+ schools and 18,000 students. With this partnership, **Amrutam International School** has become the **First CBSE School in East Ahmedabad** to collaborate as Udgamverse, offering quality education, modern facilities, and a strong academic foundation.

## LEARNING TODAY! LEADING TOMORROW!

"To inspire young minds with knowledge, values, and creativity-empowering them to grow with confidence, discipline, and a spirit of lifelong learning to shape a brighter future."

## OFFICE BEARERS

Education, discipline, and religion form the three pillars of a strong and harmonious society. As we endeavor to build a future filled with promise and integrity, it is vital to remember the wisdom embedded in our cultural heritage.

Regarding education, I am reminded of the words: "विद्या ददाति विनयं विनयाद् याति पात्रताम्" - Education imparts humility, and from humility comes worthiness.

Discipline is the foundation of personal and collective success: "अनुशासन जीवन की आत्मा है" - Discipline is the soul of life.

Religion teaches us the values of compassion, truth, and unity: "धर्मो रक्षति रक्षितः" - Dharma protects those who protect it.

Let us commit ourselves to these principles, fostering knowledge with humility, practicing discipline with dedication, and embracing values that unite us all. Together, we can build a society that thrives on education, guided by discipline, and inspired by spiritual wisdom.

With best wishes,

**Dr. Mahesh A. Patel**  
Chairman

To have a **CBSE Affiliated School** was my dream for a very long time. We tried our best to achieve this dream, and finally, we succeeded by collaborating with one of the most reputed schools group of Gujarat - Udgamverse.

My vision is that the students of my school should never lag behind in any aspect. They must have all-round development, so that they can prove themselves in every task they undertake.

Situations may change every day, but the true challenge lies in how to deal with those situations effectively.

For that, what we need most is a practical approach towards learning and life.

I believe - Don't be a slave to your circumstances. Rather, become masters of your circumstances.

Best wishes,

**Mr. Kalpesh B. Patel**  
Managing Trustee

## OFFICE BEARERS

Education is not just about learning facts; it is about shaping character and igniting curiosity. Our school stands committed to nurturing young minds with discipline, creativity, and compassion. Together, we aim to build a culture where every child feels confident to dream and strong enough to achieve it.

As we move forward in this academic journey, let us remember शिक्षा ही सबसे शक्तिशाली हथियार है, जिससे हम दुनिया को बदल सकते हैं।

(Education is the most powerful weapon to change the world.)

To all students, I say - success is born when hard work meets patience.

मेहनत कभी व्यर्थ नहीं जाती, हर पसीने की बूंद सफलता की कहानी लिखती है।

(Hard work never goes to waste; every drop of sweat writes a story of success.)

To the parents, thank you for being our constant partners in growth. Your trust and encouragement are the pillars of our mission. Let's continue to inspire our children to think big, act with kindness, and lead with integrity.

Wishing every student a bright future filled with knowledge, confidence, and purpose.

Warm regards,

**Mr. Nitin R. Patel**  
Trustee

शिक्षा का असली उद्देश्य केवल ज्ञान अर्जित करना नहीं, बल्कि व्यक्तित्व का संपूर्ण विकास करना है।

True education reaches far beyond the boundaries of textbooks and classrooms. It is the pathway that nurtures a child's spirit, fosters creativity, and cultivates strengths in every sphere of life. At our institution, education is a celebration of learning, where academics blend with pursuits like art, craft, and sports so that every student grows into a well-rounded, confident, and compassionate individual.

Art and craft stimulate imagination and emotional expression, while sports build teamwork, discipline, and resilience. Today across diverse domains, we prepare our students to face life's challenges with adaptability, empathy, and courage.

In today's interconnected world, education is measured by the life skills and positive attitudes it builds. It must nurture academic excellence along with character, creativity, and social responsibility. Our vision is to help every child discover and develop their unique talents.

I invite families to join us in supporting every aspect of a child's personality. Together, let us shape individuals ready for tomorrow's opportunities and challenges. Warm regards,

**Dr. Hemalkumar R. Shah**  
Director

## UDGAMVERSE - YOUR GATEWAY TO PROVEN EDUCATIONAL ECOSYSTEM

Education today must go beyond preparing children for exams. It should inspire curiosity, independent thinking, and creativity, encouraging students to explore, question, and apply knowledge in meaningful ways.

21<sup>st</sup> century thinking skills will make children ready for a world we do not yet know. Innovation and technology can transform this journey, creating engaging, relevant, and learning experiences that are relatable to the real world. Udgamverse brings time tested systems and processes that enable an institution to deliver quality education consistently.

The collaboration between Amrutam and Udgamverse is a significant step forward, combining Amrutam's holistic approach to education with Udgamverse's proven expertise of academic outcomes. This partnership offers enriched learning opportunities, preparing students to become confident, capable, and future-ready individuals.

"To make schools large, through future and past, build values steadfast, a mold that is cast"

With best wishes,

**Mr. Manan Choksi**  
Founder  
Udgam Consultancy

Udgamverse is a proven school management model turning around several schools in record time. With 20+ schools across diverse educational boards and locations, 18,000+ students, 900+ teachers Udgamverse has a proven track record of 20 years of continuous growth. Udgamverse offers a comprehensive solution to independent schools to have benefits of a big school and yet retain its uniqueness.

### WHAT UDGAMVERSE IS

- **Good management:** with proof of success since years in other schools Udgamverse brings the best management practices.
- **Community, Not a Chain:** Each school operates independently but benefits from shared expertise in academics, operations, HR, branding, and school improvement.
- **Legacy of Excellence:** Rooted in Udgam School's 60-year tradition of holistic education, Udgamverse emphasizes knowledge, growth, integrity, and success.
- **Diverse Choices:** Parents can select schools based on board preferences, streams, and even flexible shifts, ensuring convenience and alignment with their child's interests.

## WHAT MAKES **UDGAMVERSE** UNIQUE?

### FAIRMARKS

Most parents do not trust the school marksheet as an reliable measure of their child's academic learning. Board marksheets are only relied upon. At Udgamverse schools each half yearly and final exam are sort of "board exams".

The core concept of our philosophy

- Question papers from Udgamverse
- Anonymity in correction – the answer sheets are deidentified
- Teachers don't correct their own student's papers
- Strict invigilation
- Ensures marks reflect the child's true academic level
- Unbiased feedback

### BEYOND BOOKS

Developing the Whole Child

**Education is blended with opportunities that help students discover their passions**

- Sports & Fitness Training
- Arts, Drama and Music Programs
- Social Responsibility & Community Engagement
- Ethics & Values

## BACKED BY **UDGAMVERSE** SCHOOL

### QUALITY CHECK SYSTEM

A comprehensive framework ensuring safety, quality academics, holistic development, and strong parent engagement.

01

#### SAFE & SECURE CAMPUS

A protected and child-friendly environment.

02

- R.O. Water Facility

### PLAY & EXPLORATION

- Playground
- Sand Pit
- Outdoor Games
- Indoor Play Area

### TRANSPORT

- Transport Facility

This image represents Amrutam International School Udgamverse's core educational philosophy, placing "The Learner" at the center of all school activities and values.

**The Core: The Learner**

At the heart of the model is the student, emphasizing that all initiatives and efforts revolve around the holistic growth, happiness, and learning experience of each learner.

**Inner Circle :**

**Values and Culture**

The next layer highlights important school values and focuses on student well-being. This shows that core ethical and emotional priorities shape both teaching and administrative approaches.

**Middle Circle :**

**Student Well-Being**

This ring underscores the significance of school culture, which supports holistic development, effective teaching and learning practices, and fosters student well-being. The arrows suggest these elements are interdependent and continuously influence each other.

**CURRICULUM MODEL**

**Outer Circle :**

**Guiding Pillars**

Surrounding all, key pillars define the Amrutam International School Udgamverse educational vision:

**Collaboration:** Encouraging teamwork among students and staff.

**Life-Long Learning:** Instilling curiosity and adaptability for ongoing personal growth.

**Global Citizenship:** Preparing students to contribute responsibly to the world.

**Creativity & Innovation:** Promoting creative thinking and problem-solving.

**Leadership:** Cultivating leadership traits in every learner.

**Interpretation**

This model is designed to communicate that Amrutam International School Udgamverse nurtures not just academic achievement, but also personal, social, and ethical growth through a dynamic, values-driven environment focused entirely on the learner. The interconnectedness of all elements ensures a supportive, innovative, and globally aware educational community.
